## **SC HIGHER EDUCATION TUITION GRANTS PHILOSOPHY AND PURPOSE**

“Whereas, the General Assembly finds that as a result of the rising school population and the continuously rising cost of providing proper facilities for the higher education of young people, there exists in this State an urgent need to use all available educational resources wisely. A lack of higher education facilities is inimical to the welfare and prosperity of all residents of the State and to the continued financial growth of the State;

Whereas, the General Assembly also finds that within the State there exists several accredited independent institutions of higher learning whose facilities could be used effectively in the public interest by providing additional space for students thereby eliminating the need for substantial increases in capital outlay funds; and

Whereas, it is vital to the growth of the State that all qualified residents be offered the opportunity for furthering their education.

To achieve this in the most economical manner, students willing to bear the major cost of their education expenses should be assisted where financial need exists in an effort to make their educational goals more readily attainable.”

## **STATUTORY AUTHORITY FOR THE COMMISSION**

The General Assembly of the State of South Carolina during the 1970 session passed Act 1191 creating the Higher Education Tuition Grants Commission. This Commission was created as a State agency charged with the responsibility for overseeing the operation of the Tuition Grants Program.

## **HISTORY OF THE COMMISSION**

In 1970, the General Assembly passed a bill which created the Higher Education Tuition Grants Commission, an agency which was charged with the responsibility of administering tuition grants to independent college students. The Governor signed the bill on May 1, 1970. The original appropriation was \$5,000. No awards were made the first year. In 1971-72, the program aided 43 students. In 1972-73, a total of 134 students received awards.

The Tuition Grants Program has assisted many needy students since its inception in 1970. Since the beginning of the program, 160,997 awards have been made.

## **PROGRAM ADMINISTERED BY THE COMMISSION**

The South Carolina Higher Education Tuition Grants Commission has been charged by the General Assembly with the responsibility of administering the Tuition Grants Program. This program allows South Carolina residents who attend participating independent colleges in this state to receive financial assistance from the state if they meet the eligibility requirements of the program.

All grant recipients must be full-time students, of good moral character and must demonstrate financial need and academic merit. They may not take a course which leads to a degree in theology, divinity, or religious education.

Eligible students may apply their grants only toward tuition and fees at a South Carolina independent college which is non-profit and accredited by the Southern Association of Colleges and Secondary Schools. The amount of the grant may not exceed the student's financial need or the total of tuition and fees charged by the college. Also, the amount may not exceed the average annual state subsidy for the students who attend the public colleges in the state.

In December of each year, the Tuition Grants Commission distributes information brochures to all South Carolina secondary schools and to eligible colleges. The guidance offices at the secondary schools and the financial aid offices at the colleges distribute these materials to students through out the state.

## 1994-95 ACADEMIC YEAR

The Tuition Grants Commission received a total of 15,430 complete applications for grants for the 1994-95 academic year.

The Tuition Grants Program has opened the door of educational opportunity to thousands of South Carolinians. A survey of grant recipients has indicated that if they had not received tuition grant assistance, many of the students would not have gone to college, and many would have enrolled in South Carolina public colleges at a greater cost to the State.

## PUBLIC SERVICE ACTIVITIES

During the 1994-95 year, staff members of the South Carolina Higher Education Tuition Grants Commission participated in eleven professional programs for parents, students, and high school counselors. These financial aid information sessions were conducted throughout the State and were attended by 1,826 participants.

The S. C. Tuition Grants Commission participated in a statewide ETV broadcast on *Finding Money for College*. This broadcast was a live, interactive telecast focusing on financial aid for college and technical school.
